OFFICE OF THE CITY MUNICIPAL COUNCIL,
Bangalore City, Dated 27 August 1926

PUBLIC WORKS SECRETARIAT
Regd No. 461
Date 2.9.1926
BANGALORE.

From

B. T KESAVAIENGAR Esq. B.A.,
MUNICIPAL COMMISSIONER, MUNICIPAL COUNCIL,
BANGALORE CITY

To

B. Nagappa, Esq., Bar-at-Law.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Local and Legislative Departments,
B a n g a l o r e.

(Through the Chief Engineer in Mysore, Bangalore.)

S I R,

In continuation of my letter No. G To 44 dated 27.8.26 submitting for sanction, along with others, an estimate for Rs 3,000/- for the installation of a clock between the towers of the New Market, I have the honor to submit herewith for sanction, a supplemental estimate amounting to Rs 480/- for putting up an ornamental parapet wall between the towers, together with the plan and a copy of the Municipal Council's resolution dated 9th instant, approving of the same. A copy of the Chief Engineer's note dated 24th July 1926, approving of the design is also enclosed for perusal.

2. The cost will be charged to Market Circus and met from the sum of Rs 52,500/- provided in the current year's budget for City Improvement Works.

3. The work has been put in hand in anticipation of sanction to the estimate.

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner.

Forwarded with compliments,

Honorary President.

For Municipal Commissioner

29-8-26

Chief Engineer's note dated 22nd July 1926. --- 9

BANGALORE

Returned, with compliments, to the Municipal Commissioner, Bangalore City Municipality

2 The design sent up by the Special Engineer for the centra[1] portion contains two pillars and other features which make the portion rather crowded and with too much of light and shade This -- treatment, moreover, does not throw out the clock into sufficient prominence, while the parapet wall is of inordinate height of --- 7'-6" So an alternative design has been prepared in this Office It is such as to show the clock to advantage while keeping the -- height of the parapet wall proportionate to the treatment below and similar in design to that originally shown by the Architect of the market and I recommend that this may be adopted In this connection the rear parapet wall also has to be constructed so as to make the central portion large enough to take the ~~xx~~ clock
